*** Many PetSmart and PetCo stores have cat rescues that they partner with to come in and hold adoption events. You can contact them to see which rescues they work with and get the contact information.

Right now approximately 3 out of every 4 cats are killed at the local shelter. That is 75%! Please spay and neuter your cats (dogs too!) to avoid the hundreds of unwanted litters and prevent them from suffering and dying or being put to sleep. Also, be careful who you give cats to as some "rescue" people may take cats and then put them to sleep as well.
